PETITION FOR RULEMAKING

Westley-Grayson Broadcasting Company ("Westley-Grayson"), by counsel, hereby petitions the Federal Communications Commission for the initiation of a rulemaking proceeding to amend the FM Table of Allotments, Section 73.202 of the Commission's Rules, to assign FM Channel 238A to the community of Westley, California, as follows:

City	Present	Proposed
Westley, California	None	238A

1. As indicated in the attached Engineering Statement (attached hereto as Exhibit 1), Channel 238A can be assigned to Westley in complete compliance with the Commission's distance separation requirements as contained in 47 CFR §73.207. The reference coordinates: 37-28-13 N 121-11-14 W will show the 70dbu (city grade contour) entirely encompassing the city of Westley, California. Moreover, there is a wide area available for placing an appropriate transmitter.

2. Westley is a city located in Stanislaus County, California. According to the 1997 Rand McNally Commercial Atlas, Westley has a population of 700 persons. Westley is located just east of Interstate 5 about 10 miles southwest of Modesto California. At present, the community is not receiving community service from any aural service. Therefore, the public interest will be served by the assignment of Channel 238A to Westley, California.

3. If the Commission assigns Channel 238A to Westley, California, Westley-Grayson will apply for a construction permit and will construct a new facility upon award of that permit.

WHEREFORE, in accordance with the above, Westley-Grayson Broadcasting Company respectfully requests that Channel 238A be assigned to Westley, California.

December 16, 1996
